Editorial Note

I am pleased to introduce the “International Journal of Adult and Non Formal Education”. The journal is a peer-reviewed, open access that is committed for expeditious publication of articles that draw a compass of the themes related to Adult and Non Formal Education. The journal publishes monthly, as it gives a substantial platform to the researches, scientists to share, discuss and explore to the innovatory ideas, developments in regard of the Adult and Non Formal Education. Also, the journal aims to publish high quality papers which includes original research or brief communications, comprehensive or mini-review articles that reflects new insights on Adult and Non Formal Education.

Education is a process of learning that helps in attaining knowledge, morals, values, habits, skills and also training in an appropriate manner under the guidance of educators. Education can be taken either in formal way or informal way and with respect to age, it is divided into two forms, one is child education and other is adult education. Child education is a learning phase below 8 to 10 years of age, whereas adult education is generally chosen after the age of 13-14 years. This adult education is a life-long process that plays an integral part to ensure the adults to participate in the world of work, develop their basic skills in education. When coming to non-formal education, it is something that accidentally and purposefully collaborated with new information

The main objective of the Journal is to provide an original information round the globe. Here we publish all types of the Researches that are specifically related to Adult and Non Formal Education, such that the author can easily publish any form of his or her research based

on his feasibility.

The forms of researches that can be published in this Journal are mentioned below;

- Review article
- Short Review
- Short communications
