Conferenceseries LLC Ltd proudly announcing Webinar on Young Researchers Awards with an aim to recognize outstanding achievement and contribution of professionals and researchers in the area of medical, life sciences, physical sciences, health care and engineering.

Young Researchers Presentation is a key session at Webinar on International Conference on Cloud computing and Virtualization which is scheduled during May 21-22,2020.Webinar Cloud Computing 2020 focused on the theme "Advancements and innovations in Automation and Artificial Intelligence".

Cloud Computing Organising committee will be providing a platform for all talented young researchers, investigators, Post-graduate/Master students, PhD scholars to showcase their current research and innovation.

Major scientific sessions of Webinar on Cloud Computing conference are Cloud computing for the mobile world Privacy in multi-tenancy clouds, Data Recovery and Backup, Cloud Cryptography, Cloud Economy, Cloud access control and key management, Trusted Cloud Technology, Enterprise Applications on the Cloud, QoS for applications on clouds, Optimization and performance issues on clouds, Failure Detection and Prediction, 5G Will Transform the Enterprise Cloud, Communication protocols for clouds, Databases for clouds, Security as a service

Big data management and analytics, Future Of Cloud Computing, Cloud Storage and Big data analytics, Large Scale Cloud Applications, Energy aware data storage in cloud computing, Cloud Security, Virtualization in Cloud Computing, Cloud Availability and Reliability, Edge computing, Cloud Computing for IoT Applications, Architectural Models for Cloud Computing, Virtualization of the infrastructure, Serverless Computing, Elasticity in clouds, Storage virtualization, Green computing models for clouds, Block Chain, Programming models for clouds, Cloud load balancing and this International Conference will be attracting leading researches and decision makers in their field, principal investigators, and business professionals for sharing knowledge and research globally.

Eligibility:

Postgraduates/masters student, junior scientist, young faculty member, PhD scholar and Postdoc researchers Privileges: The Young Scientist Feature is a platform to promote young researchers in their respective area by giving them a chance to present their achievements and future perspectives.

- Acknowledgement as YRF Awardee
- Recognition by providing certificates and memento
- Recognition through website promotion and award page

- Networking opportunity to coordinate with partners around the world
- Publish that particular research paper for free

Criteria:

- All accepted abstracts will automatically be considered for the Award.
- All the presentation will be evaluated at the conference venue
- All the awards will be selected by the judges of the award category
- The awards will be assessed as far as plan and format, intelligence, argumentation and approach, familiarity with past work, engaging quality, message and primary concerns, parity of content visuals, and by and large impression

Guidelines:

All submissions must be in English
The topic must fit into scientific sessions of the conference
Each individual participant is allowed to submit maximum 2 abstracts
Abstract must be submitted online as per the given abstract template

Abstracts must be written in Times New Roman and font size will be 12
Abstract must contain title, name, affiliation, country, speakers biography, recent photograph, image and reference

Conditions of Acceptance:

To receive the award, the awardee must submit the presentation for which the award is given, for publication at the website, along with author permission. Failure to submit the PPT, and permission within the designated timeframe will result in forfeiture of award.

Award Announcements:

Official announcement of the recipients will occur after the completion of conference.
