**Robotics & AI 2020** will focus on current advances in Conference Series LLC LTD is organizing “[20th International Conference on Materials Science and Engineering](#)” which is going to be held in the month of **October 21-22, 2020** in **Bangkok, Thailand**. The Theme of the conference is “[Advanced Materials for Sustainability: Exploring new insights and Innovative Technologies](#)”. The [conference](#) offers Prestigious Award for Young Research’s at **Mat Science 2020**- Gathering the New-born Advances in **Materials Science and Engineering**.

**Mat Science 2020** invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Mat Science 2020. This Clinical Cardiology Congress 2020 Young Scientist Awards will be announced at the upcoming “**20th International Conference on Materials Science and Engineering**” at **Bangkok, Thailand** on **October 21-22, 2020**

This [Mat Science 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at

their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations. The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Mat Science 2020 will provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Mat Science 2020 Conference will be an investigation of new research Innovation in the field of Materials Science and Engineering and spread the most recent advancements in heart disease prevention and rehabilitation. Discussion on new technology advancement in the field of Materials science, nanomaterials, metallurgy, metal science, smart materials, hybrid materials, nanotechnology, biomedicine, biomaterials, biomedical devices, Green technology materials, energy materials, advanced materials, polymer science, polymer technology, graphene, 2D materials, ceramic material, composite material, material engineering, Sustainable materials, Soft materials, Computational material, Nano

composites, Tissue engineering, Metal casting technology, Advanced materials design. The market is mainly driven by the increasing research funding for [Materials Science and Engineering](#) from governments and private investors, growing demand for Renewable energy all over the world, and the increasing need for nanotechnology research.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Materials Science](#). This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in [Materials Science](#), Nanotechnology, and Energy materials and in different fields of Engineering by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Materials Science and Engineering are the principal features of this conference.

### **Past Conference Report**

The “[19th International Conference on Materials Science and Engineering](#)” hosted by conference series with the theme, “Advanced Materials for Sustainability; Exploring new insights and Innovative Technologies” was successfully executed March 25-26 at Yokohama, Japan. The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields of [Materials Science and Engineering](#).

### **Eligibility Criteria for [Young Scientist Awards](#): Mat Science 2020:**

The **Mat Science 2020: Young Scientist Awards**: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+

years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

**Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.**

### **Judging Criteria:**

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the **Mat Science 2020** conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

### **Nomination:**

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student's advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the **Mat Science 2020: [Young Researcher Award](#)** should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to [matscience@asia-meetings.com](mailto:matscience@asia-meetings.com) along with the online application at the **Mat Science 2020 Award** page.

### **Presentation:**

This award will be presented at **Bangkok, Thailand** during **Mat Science 2020** conference.

### **About Hosting Organization: Conference Series:**

Conference Series LLC LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+

Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

**For any further queries/concern, can reach the Mat Science 2020 secretariat at the below contact details:**
